

Pupil Premium statement 2023-2024

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

| Detail | Data |
|---|-------------------|
| Number of pupils in school | 99 * |
| Proportion (%) of pupil premium eligible pupils | 62% (62 pupils) * |
| Academic year/years that our current pupil premium strategy plan covers | 2023-2024 |
| Date this statement was published | December 2023 |
| Date on which it will be reviewed | June 2024 |

^{*}Data updated as of June 2024

Funding overview

| Detail | Amount |
|---|---------|
| Pupil premium funding allocation this academic year | £33,150 |

Statement of intent

We receive Pupil Premium funding for all students who are single registered with the VLC; this means that the majority of funding received by the school is for students in Phases 1 and 2 who have been permanently excluded from mainstream schools, and not those in Phase 3 who are referred for medical tuition and remain dual rolled with their mainstream schools.

Our aim is to use pupil premium funding to help us deliver our strategic intent of supporting young people to thrive both academically and socially. All of our students experience disadvantage due to their exclusion from mainstream education, which we know makes them more vulnerable to achieving poor academic outcomes compared to their peers, being at risk of exploitation or involved in serious youth violence or becoming NEET post 16 with poorer long term economic outcomes.

However, whilst economic disadvantage is not always the main challenge our students face, we do see disadvantaged students performing less well across the school when compared to their peers, particularly in terms of attendance and academic outcomes.

Our approach is based on delivering high-quality first teaching with targeted academic and pastoral support based on assessment of need, which helps students access a wide curriculum and move onto the next stage of their educational journey successfully.

Although this strategy is focused on the needs of disadvantaged pupils, it will benefit all in our school as funding is spent on whole-school approaches, such as high-quality teaching and evidence informed interventions.

We will also provide all students with support to develop independent life and social skills and continue to ensure that high-quality work experience, careers guidance and further and higher education guidance is available to all.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge number | Detail of challenge |
|---------------------|---|
| 1 | Students' low literacy and numeracy levels on entry; the large majority of students start VLC with reading and numeracy levels below age related expectations |
| 2 | Social, emotional and mental health; all students attending the VLC have identified SEMH needs (preventing them from success in a mainstream environment) as part of their SEND profile |
| 3 | Attendance; students typically on entry have attendance below 95% due to exclusion and other factors |
| 4 | Cultural Capital: Through observations and conversations with students and their families, we find that disadvantaged students generally have fewer opportunities to develop cultural capital outside of school. |

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome | Success criteria | |
|--|--|--|
| Improved reading accuracy and comprehension levels | Reading accuracy and comprehension scores increase between initial assessment and reassessment | |
| Improved numeracy levels | Numeracy levels increase between initial assessment and re-assessment | |
| Improved regulation and self- management | Phase 1 students make progress through Thrive levels | |
| | • PSPs | |
| | Reintegration to mainstream | |
| Improved attendance | Improved attendance for individual and groups of students | |

Activity in this academic year

| Activity | Evidence that supports this approach | Challenge number(s) addressed | Budgeted Cost |
|---|--|-------------------------------------|---------------------------------|
| CPD to support teachers' knowledge and understanding of attachment and trauma and impact on students' learning | EEF Guidance Report Special Educational Needs in Mainstream Schools | 2, 3 | £600 |
| Sessions with Interventions Teaching Assistant/s. | Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, both one-to-one: One to one tuition Teaching and Learning Toolkit EEF And in small groups: Small group tuition Teaching and Learning and Learning Toolkit Teaching and Learning Toolkit EEF | 1 | £12,504 Phase 2 £10,196 Phase 1 |
| Catch Up Numeracy training | https://www.catchup.org/interventions/numeracy.php | 1 | £900 |
| Cultural trips and in-school arts activities, including drama, dance and music. | As well as being valuable for wider development outcomes, arts participation can have a positive impact on education performance when interventions are linked to academic targets. Arts participation Teaching and Learning Toolkit EEF | 4 | £400 |
| Thrive training to support Social and Emotional Learning for all students in Phase 1 and for targeted interventions in Phase 2 | EEF - Improving Social and Emotional Learning in Primary Schools | 2,3 | £2,000 |
| Campus Student Family Liaison Officer to support families in crisis e.g. early help, parenting advice and to encourage parental support of student attendance | EEF Teaching & Learning Toolkit <i>Parental Engagement</i> | 3 | £10,380 |
